Commas

By Piers :)

,
What are commas?

1. They are used to separate words and word groups.
2. They can also be used to separate adjectives.
Examples on how to use commas

This example shows how to use commas when separating word groups.

“Jack, James, Billy and Jim were seeing Steven Hawking.”
Example on how to use commas

This example highlights how to use commas when separating adjectives.
Steven Hawking won a large, gold, shiny, oscar for his documentary.
Example on how to use commas

One way to use a comma is for the readers to take a breath. For Example: “When the students had sport on Friday, the coach gave them a fitness test.”.
